### INSTITUTE OF APPLIED METAPHYSICS (I AM)

As Pastor of the United Fellowship Chapel, I am pleased to announce the opening of the Institute of Applied Metaphysics on Saturday, February 25th at 12 Noon.

Today we find ourselves in a period of global change where each one of us is summoned to fully recognize our core beliefs and manifest our truth through action. Spirit is directing us to respond to challenging situations with real understanding and true compassion. As we accept responsibility for our part in the creation of the events that surround us, we can transform the fear and self blame that seem overwhelming.

The Institute of Applied Metaphysics (I AM) seeks to ignite the Light and Love that reside within each one of us through classes that teach useful, practical applications of metaphysical thought and understanding. With instruction and guidance, these principles will become a metaphysical toolbox or magic bag of tricks that you can use to create solutions to any life issues that concern you. You can learn about and register for the various classes that will be offered starting in March and speak with students who have attended them. We look forward to seeing you!

The theme for this month's talks is I AM. Stating with authority, "I AM" is the most powerful affirmation there is. When you do so, you are acknowledging your Divine Authority, the recognition that you are the only true authority in your life, and affirming your divine essence and the reality that God is within you.

Every Sunday at our services we read together the Invocation that is printed in our program. It begins: "All knowing, which art within us, hallowed be I AM." This is the recognition that our God Within is all knowing, that is: Everything that we need to know to guide our lives is already inside us. We simply have to allow it to come forth, through spiritual development and meditation.

Here at the Chapel we teach that our Thoughts, Words and Actions (TWA) are the seeds that create our lives. As we develop spiritually and begin to understand and accept this reality, we are working in harmony with Natural Law. This harmony with All That Is allows us to manifest Happiness, Health and Wealth (HHW) in our lives.

How many times have you said, or heard someone else say, "I'm dying of hunger" or "I'm going to kill that person!" It is very important to realize that whatever follows the two words, "I AM," is an indication of what we are affirming to be our reality. What we think, say and do has an absolute effect on how our lives unfold, so be careful with your words and remember that sometimes silence is the best response.

This month, the theme of our talks is the I AM.  
Here are some quotes:

"One of the lessons that I grew up with was to always stay true to yourself and never let what somebody else says distract you from your goals. And so when I hear about negative and false attacks, I really don't invest any energy in them, because I know who I am."  
– Michelle Obama

"I am not afraid of storms for I am learning how to sail my ship."  
– Louisa May Alcott

"As a child of God, I am greater than anything that can happen to me."  
– A. P. J. Abdul Kalam

"The curious paradox is that when I accept myself just as I am, then I can change."  
– Carl Rogers

"I am not afraid . . . I was born to do this."  
– Joan of Arc

"I am determined to be cheerful and happy in whatever situation I may find myself. For I have learned that the greater part of our misery or unhappiness is determined not by our circumstance but by our disposition."  
– Martha Washington

"I am an idealist. I don't know where I'm going but I'm on my way."  
– Carl Sandburg
